Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant and Examiner discussed the proposed amendments. The examiner agreed that Bowman did not appear to teach the limitation of rewriting to include a restrict identifier to restrict the search to a domain associated with the Entity, but did request further clarification in the claim. The examiner also agreed to consider applicant response, when filed, for claims 12, 38, and 39 when submitted. The examiner advised applicant that he did not know the rules for amending withdrawn claims off hand and was not sure if their amendment would be proper.
